Interview Summary A

SIR:

Appellants wish to thank SPE Ometz for the courtesies extended to the undersigned during the telephone interview. Appellants stated during the interview that claim 8 is not being argued separately from independent claim 1 from which it depends. Accordingly, if the rejection of claim 1 is in error as determined by the Board with respect to Argument A of the Brief of Appellants, then claim 8 should be allowable since it recites the limitations of claim 1. If the rejection of claim 1 is proper as determined by the Board, then the rejection of claim 8 is proper also since claim 8 was not argued separately.
